

RE Champion

Respect, Resilience, Aspiration

Intent	At OWE, we have an RE curriculum driven by the core value of respect. We want our children to have a developing knowledge of cultures, faiths and religions from around the world. Alongside this, we want our children to be valued citizens who are tolerant of all faiths and have a growing understanding of how religion can underpin the values of some cultures.
Implement	<p>At OWE, we follow the Lancashire Syllabus following a 2 year rolling curriculum.</p> <p>Our curriculum is question lead developing creative thinking in our pupils. Respect is the driver as we consider the lives of people with other beliefs to ourselves but make it relevant to the children in our school. Being tolerant of others is key to British Values which is threaded through our curriculum.</p> <p>To enhance our curriculum further, visitors from other faiths are welcomed to the school who work with the children and we organise visits to other places of worship which we know is a life experience any of our pupils would not have.</p>
Impact	We have respectful, tolerant and accepting pupils who have a growing knowledge of other faiths, cultures and beliefs.
