

Monday 30th October

Dear Parents,

After receiving feedback from our surveys completed at our Parents Evening, we will be changing the way you will be receiving notifications from school this week. Instead of receiving messages via Seesaw, we will be sending no reply emails to the address you have provided during our data collection in September. As we will be testing this process in the next 48 hours, it is vital you check your emails for this message. If you have not provided the correct address to the office yet, please do so now. Also please subscribe to our calendar via our school website to keep up to date with events.

Any absences will need to be emailed by 8:30am to bursar@ormskirkwestend.lancs.sch.uk. Non urgent messages will need to be emailed to the school office and staff will answer in due course.

Homework will also be sent to your emails each week for you to practice and consolidate. Children may practice at home and bring examples into school if they wish.

We hope the new way of communication will be faster and allow parents to keep update with our news in school.

Many thanks for your understanding of the matter,

Mrs Currie
